

Sacred Healing Sounds & Angels

LLa'Rah

THE SOUND - ANGELIC CONNECTION

Sound acts as an angelic gateway to the higher dimensions and you can feel the presence of angels almost immediately around a room in which Sacred Sounds are being chanted. At times you feel their physical presence as they literally swirl around your body. People who are clairvoyant have actually seen the angels flowing in to enjoy the sounds. While many of us are aware of the importance of opening our chakras, Sacred sounds open the heart chakra more every time they are sounded. You will feel transported by the angels to dimensions that you were aware existed but may have never visited.

It is pure, absolute joy to work hand in hand with the Angelic Kingdom of Light to bring one of the highest forms of healing to individuals, groups and to our Mother Earth. Sacred Sound is a universal language. Its gifts are the feelings, memories, enjoyment and tears it creates. Sacred Sounds create emotion and emotion produces actual chemical reactions in the bloodstream - neuro peptides are released - which affect the organs and systems.

The angels of divine love use many sounds to heal. Here are four key sounds that contain healing vibrations. They are **A-El-I-O**, pronounced **ah-el-ee-oh**. Each syllable vibrates with a different stream of healing love. The combined power of these sounds creates a sympathetic response in your cells as they begin resonating with the love of the angels.

The sounds A-El-I-O fill your emotions with love. They fill your mind with thoughts that connect you with the angels of divine love. These sound vibrations of love from the higher dimensions trigger healing on many levels. Together, these four syllables, containing four vowels, help you align yourself with the love of the great spiritual masters of the human race. Each vowel has power of its own; it resonates to a musical chord that heals.

When you repeat these syllables and focus on their meaning, your life can shift to a higher dimension. Each time you speak the word A-El-I-O, you are invoking the angels on the ray of love. Your cells receive this energy and use this vital life force to build a much finer body for you. Expressing these sounds from your heart brings your personality into a finer relationship with your mental, emotional, and physical selves so that they can work as a team, each sharing and supporting your highest evolution and happiness.

The clearer the broadcast of your healing word of love, the more smoothly you can move from personality love into soul love.

Harmonic sound = harmonic emotion = harmonic body.

LLa'Rah is a Sound Healer and Workshop facilitator based near Frankston. She combines 20 years of Spiritual exploration as a seeker, teacher and Spiritual Healer/therapist with an academic background as a Psychotherapist, Holistic Counsellor, Writer and Educational Trainer.
